MISSIONARY BOARD CHALLENGE

Now that many Corps around the territory have taken on the idea of having a missionary prayer board, and hopefully with a local person taking on the responsibility, we want to challenge anyone and everyone to make your board all-inclusive...

First of all, your board must be in a place where it is seen regularly. In the hallway before your chapel or in the multi-purpose room are great locations. Secondly, it is most important that the information be up to date, including the bio-sheets that we offer for each of our missionaries and the most recent copy of this newsletter, the *Global View*.

Now, here comes the challenge, (hopefully your board is large enough to accept it). Why not include "Partners in Mission" on your board? Each Division has a country or countries with whom they partner. If you have included a world map on your board, you can highlight the place(s) that you partner with. From each DHQ you can get information about those places or you can go online and find out things for yourself.

Now, assuming that there is still room, why not include the Mexico Children's Homes that your Home League sponsors? Again, there is information that you can find online if not from your DHQ. Why not include, Child Sponsorship, also?

Have space for something else? What about those from your Corps serving in the Armed Forces? Pictures of them (gotten from them or their families) would be most helpful along with their names, and possibly where on the map they are serving.

Now let's stretch it a little more and include Haiti. There is a lot available at the moment to help us remember Haiti and keep it in our prayers. The *Southern Spirit* provides great photos and articles that could help with your display as well as other SA magazines.

In the event that there is some other international disaster, as has now happened in Chile, again you can include the information on your board.

Some boards get taken down to put up Christmas decorations, but why not let your board be seasonal? Christmas is celebrated all around the world (wherever your missionaries are).

Again, it is hoped that you see why it is so important to have a local person responsible for the board; it could take up quite a bit of one's time. If you are not computer literate, (I would identify with that), your young people are, and this is a way that you can get them involved.

Now who is going to take on this challenge? Every Corps needs a missionary prayer board but now that board needs to be more inclusive—Partners in Mission, Mexico Children's Homes, Child Sponsorship, those in Armed Services, International Disasters and who knows what else? Someone going on a mission trip... Cadets going to Mexico...

We welcome your photos (send to evelyn_repass@uss.salvationarmy.org) and your ideas to share with others on our website at www.salvationarmymissions.org.

Far and near the fields are teeming
With the waves of ripened grain;
Far and near their gold is gleaming
Over sunny slope and plain.
Lord of harvest, send forth reapers!
Hear us, Lord, to Thee we cry;
Send them now the sheaves to gather,
Ere the harvesttime pass by.
